

QUICK AND EASY

# FRYING SENSOR

COOKING PASSION SINCE 1877

The Frying Sensor function is ideal for cooking made easy, guaranteeing excellent results of frying. The temperature will be maintained automatically without having to modify the selected level.

## Instruction manual

Additional information can be found in the detailed instruction manual for the hob in chapter "Frying Sensor". Read it through carefully. You can download the recipe booklet on our website by providing the product number (E-Nr).

## Pans

With our special pans you can enjoy cooking your favourite dishes in an easy and handy way. You can purchase these pans as special accessories from the after-sales service, specialist retailers or online.

min

Low

Frying food using extra virgin olive oil, butter or margarine, e.g. omelettes.

low

Medium - low

Frying fish and thick food, e.g. meatballs and sausages.

med

Medium - high

Frying steaks, medium or well-done, frozen, breaded and fine foods, e.g. escalope, fresh ragout and vegetables.

max

High

Frying food at high temperatures, e.g. steaks rare, potato fritters and frozen French fries.

en

The table shows which heat setting is suitable for each type of food. The frying time may vary depending on the type, weight, size and quality of the food. The set heat setting varies depending on the frying pan that is used. Preheat the empty pan; add oil and food after the acoustic signal has sounded.

			 min.				 min.
